

Certificate Of Analysis

Product and SKU: Goats Milk Powder TSK-DRYI14

Recipe Number: FCGMP
Article Number: 1006521
Batch Number: 241113-41
Manufacturing date: 13.11.2024
Expire date: 13.05.2026
Manufacturer: NL Z0773 EC

For food and IFT wet processing purpose

Chemical Analysis	Unit	Result	Reference method
Moisture	%	2,11	NEN-EN- ISO-5537/IDF 26A
Fat (Röse Gottlieb)	g/100 g	29,60	NEN-en-ISO 3727-2
Crude protein (Dumas)	%	25,10	Equivalent to NEN-EN-ISO14891/IDF185
Lactose	%	36,40	HPLC
Ash	%	5,80	Equivalent to EU 152/2009 Annex III-M
% of animal DNA, det.limit 0.1%	%	<0,10	Real time PCR
Physical Analysis			
Solubility Index	ml	0,10	ADPI
Scorched part. ADMI		A	ADPI
Tit. Acidity (%lact.ac.)	%	0,10	ADPI
Microbiological Analysis			
total plate count (30° C) cfu/g (2)	cfu/g	<250	ADPI
Bacillus cereus /1g	cfu/g	10	ISO 7932
Coliformes	cfu/g	<1	ADPI
Coag. pos. Staph. (in 1g)		Not Detected	NEN-EN-ISO 6888-3
Yeast & Moulds	cfu/g	<10	ISO 6611
Salmonella (125g)		Not Detected	ISO 6579
Listeria monocytogenes (125g)		Not Detected	Equivalent to ISO 11290-1

The batch is released to market.

Ausnutria uses several independent laboratories to analyze the nutritional and microbiological quality of the product. These laboratories are all accredited conform ISO 17025. Ausnutria is responsible for checking the results against the specifications that comply with legislation applicable in the country of destination. Ausnutria is also authorized to release the batch and reporting the results of the relevant batch to the customer by means of a Certificate of Analysis (COA) on the Ausnutria letterhead.
